## ABOUT ME

I'm a software developer | web developer. I build websites and web apps using modern web technologies. I have in-depth knowledge and passion for website and web app design and development.

I'm always open to learn and try something new. I'm a fast learner, able to pick up new skills and juggle different projects and roles.

I consider myself a person who is trustworthy, responsible, respects deadlines and knows that customer's/company's satisfaction is the key to success.

## SKILLS

### Languages/Frameworks:

HTML, CSS, JavaScript, PHP, MySQL, Bootstrap, jQuery, ReactJs, Redux.

### Software/Tools:

Git/GitHub, WordPress, Wix, Adobe illustrator, Adobe Photoshop, VsCode.

### Soft skills

- Efficient and effective communication skills.
- Self-organized and able to work independently.
- Passion and hunger for excellence.
- Motivated to take on new challenges.
- Great time management for faster and efficient work.

## EXPERIENCE

### Tradewinds Africa - Web Developer

*May.2021- Aug.2021*

- Building stable and maintainable websites using CMS tools such as WordPress and Wix.
- Implementing a mobile-first approach to existing websites.

## **Freelance - Front-End Developer**

*Aug.2020 – Apr.2021*

As a freelance frontend developer I had a chance to work with several clients remotely.

- I have created responsive websites, web apps and landing pages.
- Designed & developed WordPress blogs and websites.

## **Independent Planners Limited - Geomatician**

*Sept.2018-Feb.2020*

As a Land Surveyor | Geomatician, I was involved in designing, conducting and managing some projects including Land Formalization, Cadastral Surveying, and Engineering Survey.

- Establishing ground control points to be used in surveying works.
- Designed layout of the roadway, set the centre lines and cuts and fills for grading.
- Topographic survey to determine contours and both natural and man-made features along the road.
- Conducted and ensured demarcation of surveying plots and coordination of plots then beacons erection.
- Prepared cadastral data from the field, drawing cadastral plans and compilation of cadastral file.
